Danny Jones

As A: (type of user)	I want to: (goal)	So that: (reason)
voter	vote anonymously	avoid government persecution
voter	vote online	
voter	register to vote online	
voter	change my vote before the deadline	
voter	view candidate information	I can make an informed decision
voter	view statistical information	I can see the results and do basic analysis
expert/official	view statistical information	I can analyze voting trends and verify results
administrator	create election	
administrator	modify election	if candidates change or if something unexpected occurs, it can be handled appropriately
administrator	create referendum	
voter	vote on referendum	
voter	view the voting deadline	I don't miss the election
voter with disability	vote	I am not excluded from the election
administrator	add other administrators	
administrator	delineate hierarchy of administrators and their privileges	
voter	write-in my vote	I can vote for someone not on the ballot
administrator	define what it means to win an election	simple majority, 3/5 majority, etc. are accounted for

voter	start voting, then come back and finish casting my ballot later	
voter	log out of the system	I can come back and finish voting
voter	vote in local, state, and national elections at the same time	
voter	vote a straight-party ticket
